Summer Event BAs and Brews

Summer is here and our chapter is excited to announce a refreshing new way to network and connect with business analysis professionals of Northeast Wisconsin. BAs and Brews will be hosted in 3 northeast Wisconsin communities of Appleton, Green Bay and Oshkosh throughout the months of June, July and August.

- ⇒ **June 19th** **Appleton** **Mr. Brews**
- ⇒ **July 16th** **Green Bay** **Badger State Brewery**
- ⇒ **August 13th*** **Oshkosh** **TBD—Contact Us**

* Oshkosh date and location are to be determined based on venue availability. Please contact us if interested in hosting the event. We plan to publish details for all 3 locations soon in a separate communication. Stay Alert. #basandbrews #askba

WI-BADD Reflection

By most accounts, WI-BADD was another successful development day. The event is a unique collaboration of the 3 Wisconsin Chapters of IIBA run by a separate dedicated board and committees. This year the organization added a half day workshop that was well attended. Pictured to the right is Koryn Anderson—President Southeast Wisconsin, Gayle Sharkey—President Greater Madison and Shelby Hujet VP of Sponsorship Northeast Wisconsin. Photographer is Chris Petersen—President of Northeast Wisconsin. Thank you to all who stopped by our booth! #wibadd2019

May Recap—Michael Sherlock

"I am not a chapter member, but sprinkle myself into meetings throughout the year depending on the topics. I like to stay connected to the BA world and enjoy meeting other people. I may not continually stay in contact, but I have found the people I meet here are good references to bounce ideas and questions off of." - Megan Lennop, Service Analyst at Thrivent

The mission of the IIBA® Northeast Wisconsin Chapter is to provide opportunities for education, sharing and continuous improvement so that we promote business analysis within organizations in our community.

IIBA® is the International Institute of Business Analysis™ and has the mission to unite a community of professionals to create better business outcomes.
